

Espana

Inspired, designed
and made in Spain

Newgarden emerged by the sea, lying on the beach, where the sun and waves were the protagonists, transmitting peace and happiness. A feeling that will fill any space and connect it with the most pleasant part of the day.

Light, colour, design and sound - a different way of seeing life with a Mediterranean touch.

Newgarden Studio

The design is something complex, unique and unrepeatable, arising from an idea with a touch of heart. At Newgarden we create our designs until they become a member of our family. Each and every one of our products receives the greatest attention from our designers and engineers, making them ahead of their time, innovative and, above all, original.

Valerio Fumella

Born in Tuscany, Valerio has always been closely influenced by the Mediterranean, and that is reflected in each of his designs. He has proven to be one of the most innovative international designers.

At Newgarden we have had the pleasure of collaborating with him to create unique and original products with a Mediterranean touch.

achodoso®

Difference is clearly Achodoso's key to success. Two young product design students, creating innovative and, above all, simple products. That's why at Newgarden we are delighted to have collaborated with them designing Helga.

A collection of four white ceramic planters of varying sizes, each mounted on a thin metal stand. Two stands are gold-colored and two are black. The planters have a simple, cylindrical design with a small vertical slit on the side. They are arranged in a group, with the tallest one on the left and the shortest one in the center.

Christmas

Christmas is a mood, days to share, to sing Christmas carols, to meet up with family and old friends. It is an indescribable feeling where joy is always present. At Newgarden we want to accompany you and illuminate all your special moments.

Illusion, light, colour, family... but above all, days full of magic.

4- MAINTENANCE AND SECURITY RECOMMENDATIONS

To ensure safe and enduring perfomance of our products, please read the following information:

1. Products can cause skin damage due to sun exposure (especially dark colors). Please make sure to check the temperature before using.
2. Place the piece on flat surfaces to prevent unbalanced.
3. Keep away from excessive heat sources
4. This is a decoration, not a toy. Keep away from children.
5. Always unplug before changing the light bulb.
6. Damaged cable should be replaced by the supplier or a qualified professional only.
7. If the LED lighting system does not work, contact the manufacturer for assistance.
8. Connection plugs should have the degree of protection according to outdoor luminaires.
9. Do not use in case of damaged luminaire.
10. Please, follow closely the instructions contained in the manual user.

5- CLEANING

Newgarden products are easy to clean up. Steps to clean the piece:

1. Spray a degreaser product or detergent to clean the surface.
2. Rub with a dump cloth or water.
3. Rinse with abundant water.
